Directory of Arkansas Historical Records Repositories

This directory of Arkansas institutions holding historical and genealogical records was compiled to assist historians, genealogists, and other researchers. Many of the addresses were obtained through a survey of documents repositories conducted by the Arkansas History Commission in the summer of 2006, sponsored by the Arkansas Historical Records Advisory Board and funded by a grant from the National Historical Publications and Records Commission.

As with all guides such as this, information becomes outdated quickly. Some institutions listed below own no archival material but are included as a contact point for researchers interested in history or families of a particular locale. Public libraries are not included, but may be found at www.asl.lib.ar.us/. Please contact the Arkansas History Commission at state.archives@arkansas.gov to make changes or additions to the list.
